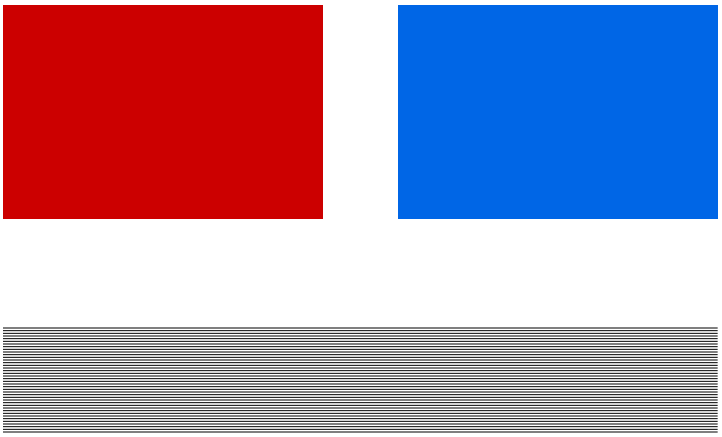
Ataricraft PDF test, page 1

High resolution rendering: this line is set in Times at twelve points.

Tiny six point text for HiDPI checks: the quick brown fox jumps over the lazy dog 0123456789

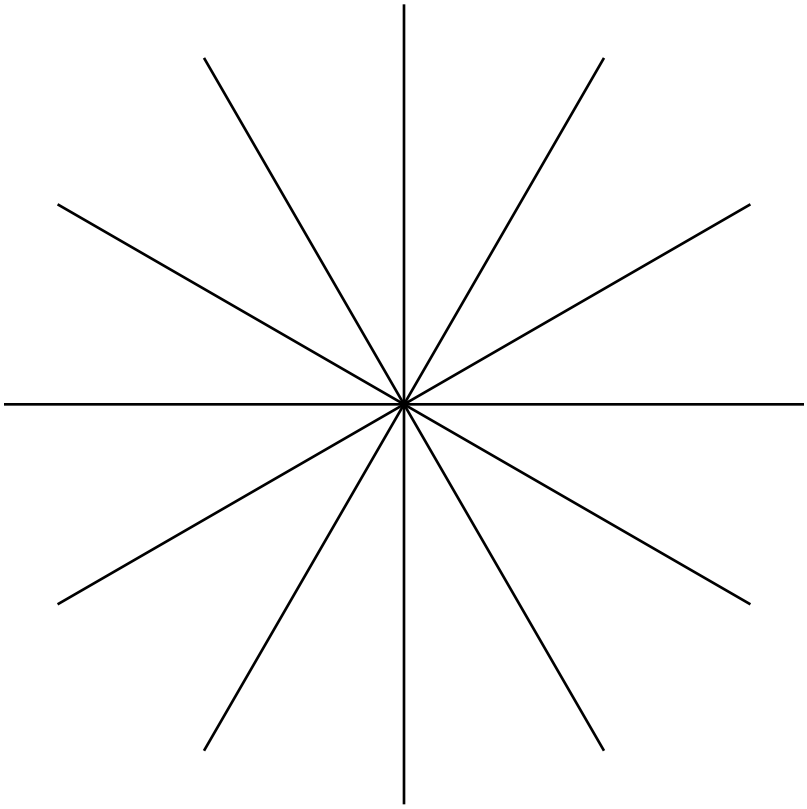
Atari 8-bit computers have a 6502 CPU, ANTIC, GTIA and POKEY.



Page 2: search target

The word Zanzibar appears once on this page.

And POKEY appears here too.

Page 3


Last page. Atari again: ANTIC and GTIA.
